### PRESIDENT'S COLUMN

As we continue to celebrate the Pentecost Season, recalling the birth-day of the church, its only fitting that this is also the month we celebrate in cities all across America the 20th Anniversary of the Stonewall Rebellion. The Stonewall Rebellion of 1969 was the catalyst that awakened the Gay and Lesbian Movement from its lethargy.

The Houston Interfaith Alliance is proud to be part of the 29 events planned during Pride Week this year. We will present a "Day of Remembrance" at Metropolitan Community Church of the Resurrection, 1919 Decatur, on Thursday, June 22 at 7:30 p.m.

Our program will chronicle the Lesbian and Gay Movement from the Greeks; through the evolution of the Gay community in Houston during the early 70s, until today. Come join us in remembering those who have suffered, died and fought oppression so you could be reading this column today.

The Bible teaches that someday all the suffering and evil of this world will be abolished, and a new day of peace and perfection will come. Only the human heart keeps us from having a world of peace and harmony. Believe in your own worth and dignity. BE PROUD!!!

#### Houston LDS Family

The Houston LDS Family is a group of Gays and Lesbians who are or were members of the Church of Jesus Christ of Latter-day Saints, i.e. Mormons. We have come together as a group because although there are numerous religious organizations ministering to Gays and Lesbians, none has quite been able to satisfy our needs due to the uniqueness of Mormon doctrines and beliefs. We have found that for the most part, only other Mormons can fully understand the impact our affectional orientation has on our spiritual and cultural heritage as Latter-day Saints.

(Organizations Column Cont'd)

Although our numbers are currently few, each member has a long time or even life time association with the LDS Church with most of us having served as missionaries and/or in leadership positions within the LDS Church. Over the last several years many of us have met together under the auspices of Affirmation, a nationwide organization dedicated to the social needs of gay and lesbian Mormons. This left our spiritual needs unfulfilled as the founders of Affirmation never intended for it to be a church, and instead encouraged us to continue to attend the LDS Church and push for reform from within.

With the passage of time, it became evident that due to the hierarchical and patriarchal structure of the LDS Church, change would not be forthcoming as our voices were silenced quickly through excommunication, and in those areas in the Western U. S. where the Church was dominant, by social and employment exclusion as well. Any straight member of the Church who sympathized with us were also fearful of confronting the Leadership of the Church for the same reasons.

Several years ago, however, a former bishop of the LDS Church in Salt Lake City, excommunicated for his own gayness and seeking guidance from the Lord, was called to organize a new church based on the same principles as the existing church organized by Joseph Smith in 1830. The only difference between the two churches in fact are that the new church, the Restoration Church of Jesus Christ, welcomes a special outreach to Gays and Lesbians and believes in the ordination of women to the Priesthood of God.

Each member of the Houston LDS Family has expressed a desire to the leaders of the Restoration Church to become members of the body. Shortly, in June, leaders of the Restoration Church will visit Houston for the purpose of interviewing each of us to determine how and where we feel called to serve in the Kingdom and to call a presiding Elder for the Houston Family. We are all very excited by this new development in our lives, as for some of us it has been many years in the wilderness without the communion of like minded LDS brothers and sisters.
