

We want YOU to feel safe at Eagle Houston

We vow to do the following in order to maintain the health and safety of both our staff and customers

- Each person (staff and customers) will have their hands disinfected prior to entering property.
- Every employee will have their temperature taken prior to entering the building for their shift. Employees who have a temperature of 100 degrees or higher OR who are displaying symptoms of Covid-19 will be sent home. Prior to returning to work, they must obtain a medical professional's note deeming them fit for work.
- All employees will wear masks from the time they enter our building until their shift is concluded and they leave property.
- The "Mask4Masc" campaign is visible in the bar and promotes the use of face masks by both customers and employees.
- Hand sanitizing stations are located throughout our facility for the use of both staff and customers.
- All occupancy guidelines set forth by the State of Texas will be adhered to.
- Customers are not permitted to loiter at the bar or in any other areas.
- Tables and barstools must be kept in their original location in order to maintain social distancing efforts.
- Parties are limited to 6 or less people.
- Parties and individuals should maintain at least 6 feet of distance from each other at all times, including when waiting to enter the property or to be seated.
- Dancing is not permitted.
- There will be one employee whose sole purpose is to clean and disinfect the property. Cleaning logs will be kept in each restroom to document cleanliness habits. Each table will be cleaned immediately after a party has finished.
- A medical grade FAR-UVC light will be used to sanitize surfaces throughout the venue.
- Contactless payment options will be in use.
- Numerous signs are posted in the bar promoting hand washing, social distancing and mask wearing.

Our goal is to have the bartenders touch the minimum amount of items possible in order to serve their customers.

- We will use disposable cups
- Pre-wrapped straws.
- All drink garnishes (lemons, limes and oranges) will be picked up with tongs, never with a bartender's hand
