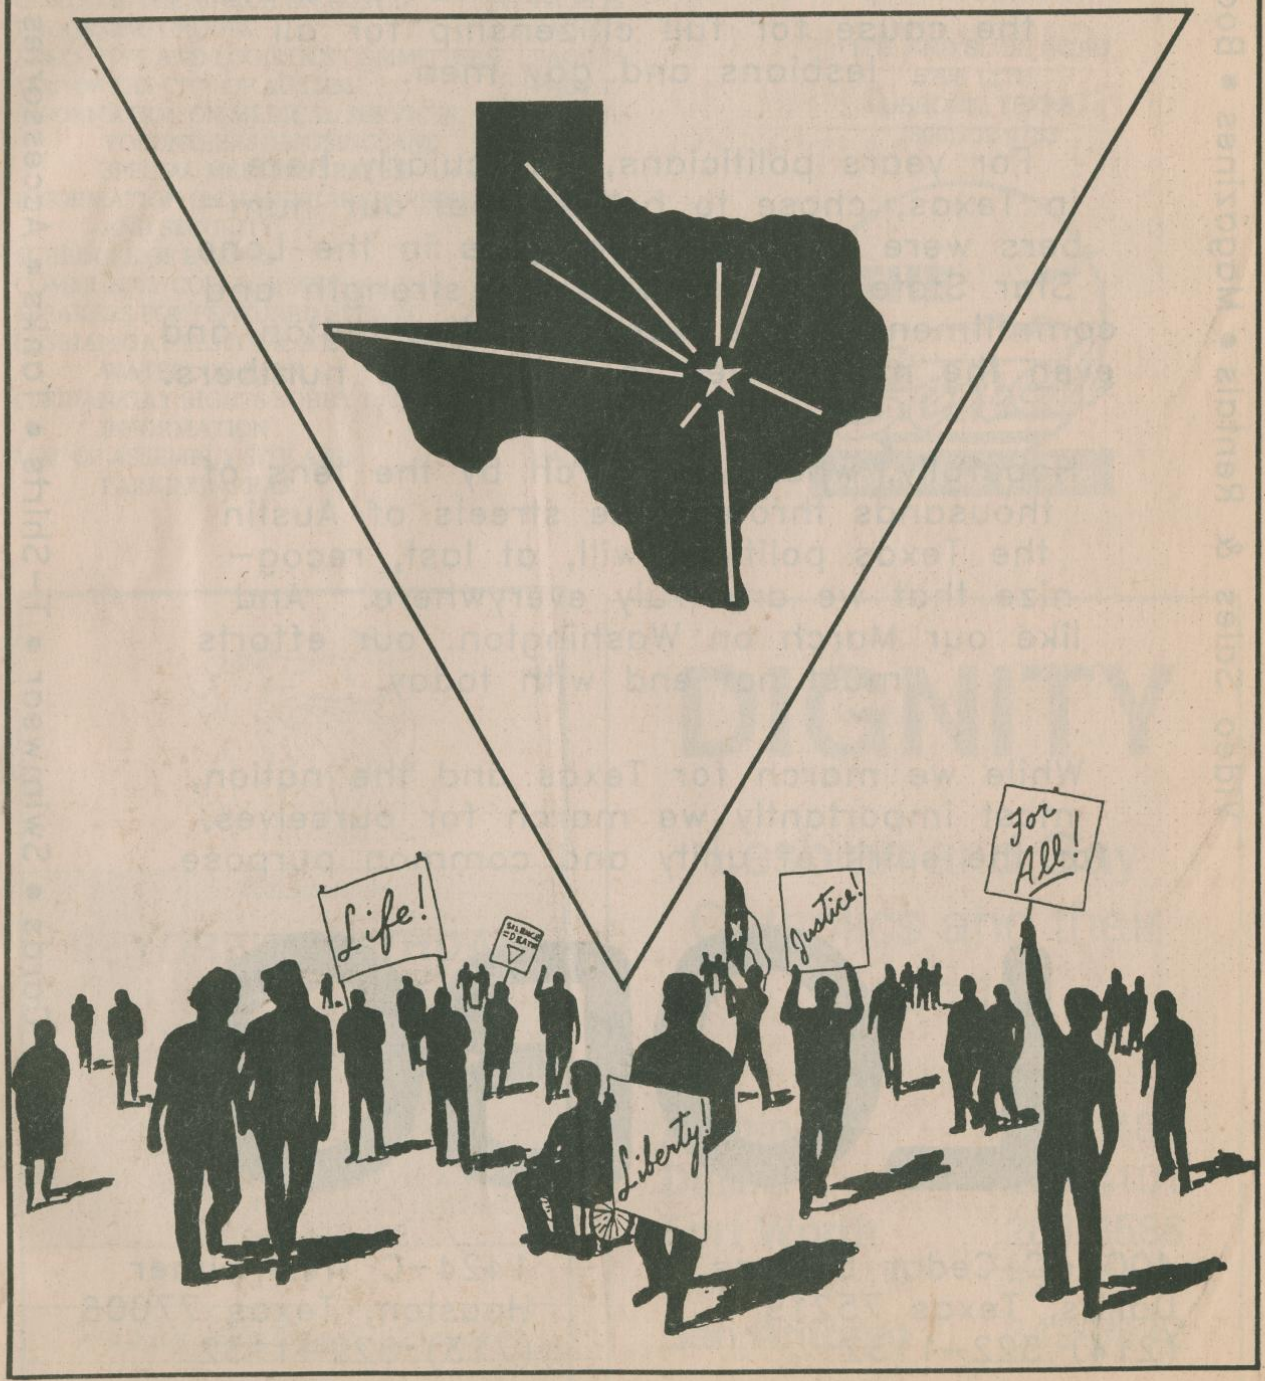
MARCH ON AUSTIN

FOR LESBIAN/GAY EQUAL RIGHTS



Video Sales & Rentals • Magazines • Books • Leather

The owners and staff of LOBO Dallas and LOBO Houston proudly support the March on Austin for Lesbian/Gay Rights. In our fifteen years as a gay-owned business we have championed and attempted to further the cause for full citizenship for all lesbians and gay men.

For years politicians, particularly here in Texas, chose to believe that our numbers were few, and even less in the Lone Star State. We showed our strength and commitment in the March on Washington and even the media tried to belittle our numbers.

Hopefully, when we march by the tens of thousands through the streets of Austin the Texas politicos will, at last, recognize that we are truly everywhere. And like our March on Washington, our efforts must not end with today.

While we march for Texas and the nation, most importantly we march for ourselves, for the spirit of unity and common purpose.

THE SCARIEST PLACE IN TEXAS?

Dear Friends,

Bigots and right-wing fanatics aren't shy about pressing their demands on our state lawmakers. These crazies are always there, opposing our struggle for equality and pushing for ever greater levels of oppression.

"Scary" best describes what I've heard at the Capitol this session, but luckily, statements like those quoted above have not gone unchallenged. The Lesbian/Gay Rights Lobby of Texas and its Executive Director, Glen Maxey, have represented us with pride, courage and intelligence. They've fought our battles, advanced our interest and pressed the issues that most effect our lives.

But while their work is vital, the very future of our lobby is increasingly in doubt. That's why I'm asking you to join LGRL today; to fight for our rights, but also because giving the far-right the first and last word is a very scary thought indeed.

Who cares about ending discrimination?

Texas NOW Cares!

In strongly worded national policy—

- NOW supports legislation prohibiting discrimination on the basis of sexual preference in all areas, including employment, housing, public accommodations, licensing, military service, social welfare, health services, child custody rights, and immigration and naturalization.
- NOW supports repeal of any laws that criminalize sexual activity between consenting adults in private.
- NOW actively supports custody rights for lesbian mothers.
- NOW opposes and any all attempts to enact anti-lesbian/gay legislation at the national, state or local levels.
- NOW is committed to educational efforts which combat the adverse affects of homophobia, promote positive images in the media of lesbians and gay men, and ultimately ensure civil rights protections for lesbians and gay men.

I wish to join NOW in the fight to end discrimination.

Dear friends:

"No gays live in my district". "What is it you people want anyway".

Just a few random comments heard in the building which will serve as the backdrop of the single most important political event for the lesbian and gay community of Texas that has ever occured.

They will see us. They will hear us. And they will remember. From every corner of this great state - from Canyon to Premont, from Lufkin to Brownsville, from Port Aransas to Wichita Falls - thousands are here.

Never again will a Texas legislator think that gays or lesbians live only in Oak Lawn, Montrose or South Austin. African-American, Anglo, Hispanic, Oriental, young and old, Democrats and Republicans, men and women, lesbian/gay and non-gay - we're here!

The Executive and Logistic Committees have been working since last August to prepare for the March. We hope that their hard work and dedication will produce an event that the entire state of Texas and the rest of the nation will never forget. This weekend the Texas lesbian/gay community will serve notice to our state that our pride, our accomplishments, and our devotion to our country cannot be taken for granted, nor do we ever expect to be treated as second-class citizens.

This program includes a complete list (at press time) of the events and activities you can expect to enjoy during the weekend of the March. For any further information, please stop by the March Headquarters at the Driskill Hotel. While you are in Austin, please support the businesses and organizations you see advertised in this program. Their support of our community deserves your support.

Beyond the political rhetoric, the marches and the demonstrations, this weekend also exists for you to enjoy the friendship and camaradie of our community and to share in the sense of empowerment that our numbers represent. This weekend will change people's lives and it will happen because of you and your involvement. Have a great time in Austin!

Sincerely,

Mike Alfaro, Delma Gomez, Dara Gray and Dennis Hatch

OFFICE OF THE MAYOR
April 24, 1989

Welcome to Austin!

The City of Austin welcomes you to our city for the "March on Austin for Lesbian/Gay Equal Rights".

Austin has long had a reputation as a city of people who care about each other and respect the rights of all of our citizens. For almost ten years, this city has protected its citizens from discrimination in employment, housing and public accommodations. When those protections were threatened by a referendum in 1981, the voters of Austin strongly supported equality for all our residents. In 1987, the Council adopted the first ordinance in Texas to protect persons living with AIDS or HIV from discrimination. We are proud of the leadership our city and county governments have had in funding social services for men and women, including the largest per capita as well as total expenditure for AIDS education and services of any city in Texas.

We're proud to lead the way and to serve as an example for the rest of Texas. We hope you leave our city with the resolve to return home and ask your public officials to follow our example.

Enjoy this historic occasion, but be mindful of responsibility you each carry with you this weekend. As you march for equal civil rights, you carry the hope by your presence at our state capitol that in the not too distant future that the slogan of the March: "Life, Liberty, Justice For All!" will no longer be a slogan, but the reality for all Texans.

Sincerely,

Lee Cooke

GOALS OF THE MARCH ON AUSTIN FOR LESBIAN/GAY EQUAL RIGHTS

As participants in the March on Austin for Lesbian/ Gay Equal Rights we call for:

*Adoption of laws to provide for protection of the equal civil rights of gays and lesbians and specific laws banning discrimination based on sexual orientation.

*Legal recognition of lesbian and gay relationships, including parental rights and adoption.

*Support for the right of lesbians and gays to serve without discrimination in the Armed Forces, National and State Guard, including local law enforcement agencies throughout the state.

*Passage and enforcement of hate crimes legislation to end violence and harassment based on prejudice and hatred, especially as it applies to lesbians and gays.

*Repeal of Section 21.06 of the Texas Penal Code which criminalizes lesbians and gays for adult consensual homosexual conduct.

*Reproductive freedom and the right to control our own bodies.

*An end to discrimination against persons living with HIV, ARC and AIDS.

*Substantial increases in funding for and easier access to effective AIDS prevention education, funding and expansion for research and a major revision of the Texas health care delivery system, especially for the indigent.

*Access to and funding for new therapies, treatments and drugs for HIV disease.

*An end to all social, economic, judicial and legal oppression of lesbians and gays, and people of every race, gender, ability, class, ethnicity, ideology, transgenderal orientation and sexual orientation.

*An understanding that the struggles of gays and lesbians are affected by racism and sexism which oppresses people of color and women. Our liberation is intricately linked to the struggle against racism, sexism, and discrimination on the basis of ethnicity. We call for an end to these problems on all levels within the lesbian and gay community, and in the larger society and support the right of self-determination for all people.

Will you come back to church if we promise not to throw the book at you?

Integrity is a fellowship of Gay and Lesbian Episcopalians and their friends. We offer opportunities for spiritual growth, fellowship, education and prayer. We work with each other in service to the church and the gay community.

Help yourself grow in faith. Help the church grow in understanding. Join us for one of our regularly scheduled events.

Call Western Union off! I've gotten the message and understand my constituents care about this issue. I'm with you.
—Prominent Member of Congress

Before the ***Speak Out*** pre-authorized mail program, only our zealous opponents flooded Congress with avalanches of mail. They've distorted legislators' perception of public opinion. As a result, we've lost key votes on AIDS and on discrimination against lesbians and gay men.

We've lost because of our silence. Our concerns have seldom been translated into the grassroots mail which impacts Congress.

Now ***Speak Out*** is tipping the balance in our favor. By joining our network, you allow brief messages to be sent on your behalf to Senators and Representatives at key times. They cost just $2.95 (a big savings over past initiatives). Heart-felt letters are best, but when votes come up on short notice ***Speak Out*** triggers a response within hours. It lets Congress know you care and are watching.

But we can't win without your help. Our rights, privacy, health—even our lives—are at stake daily on Capitol Hill. If you've ever meant to write Congress and just didn't get around to it. . . ***Speak Out***'s for you!

Act Up, Fight Back, Fight AIDS

Texas Human Rights Foundation

A statewide non-profit, tax-exempt organization dedicated to fighting discrimination against lesbian, gay and HIV-infected persons, through public interest impact litigation, education, and lawyer referrals.

Our Silence Will Not Protect Us.

Section 21.06 of the Texas Penal Code makes it a crime for consenting adults of the same gender to have sex in private. "Sodomy" is a "sex crime" and is listed as such on your record if you are convicted under 21.06 *or* if a complaint is filed against you accusing you of "sodomy", even if you are never charged or convicted.

The existence of 21.06 encourages an atmosphere of fear within which anti-gay bigotry thrives. Within such an atmosphere even public officials , as in the case of **Judge Jack Hampton** of Dallas, may believe that disparate treatment of lesbians and gay men in the courts and by police is justifiable. (The Texas Human Rights Foundation filed the original complaint calling for Judge Hampton's removal from the bench, in response to which the Judicial Commission has requested the Supreme Court to appoint a master to try the charges against Hampton. THRF will prosecute the case to the fullest extent.) Section 21.06 violates our rights as Texas citizens as assured by the Texas Constitution.

—— But we're fighting back! ——

The Texas Human Rights Foundation is financing five brave Texans' fight to end this discrimination. Linda Morales of Houston, Patricia Cramer and Tom Doyal of Austin, and Charlotte Taft and John Thomas of Dallas have filed a lawsuit against the State of Texas charging that Section 21.06 violates the Texas Constitution. This history making lawsuit cannot be won without your help.

Stop by the THRF booth at Waterloo Park after the March to sign the petition in support of the 21.06 lawsuit and to find out what you can do to help, or contact our office.

ALL DAY - CONSTITUENT LOBBYING
You are urged to attempt to meet with your Senator or Representative (or their staff) at their convenience. If you do not have an appointment, please understand that you may not be able to meet with the member. Ask to speak with a staff person, if available. Sign the guest book and note that you are with LGRL Lobby Day. Please be understanding of the busy schedules legislative staffs have. (*A special request from our "friendly" legislators' staffs: "We're working for your cause, so please understand if we can't spend a lot of time visiting with you!"*)

SPECIAL APPOINTMENTS:
Because of the large number of persons attempting to visit certain members, they have scheduled a time to meet with constituents. Please understand that if a member is listed below, they will probably not have time to meet individually with you. Please come to this meeting and then stop by the office to sign their guest book.

10:00 am **Sen. Craig Washington** in Northwest Senate Gallery.
10:00 am **Sen. Gonzalo Barrientos** in the Southeast Senate Gallery.
10:00 am **Sen. Eddie Bernice Johnson** in the Northeast Senate Gallery.
1:00 pm **Rep. David Cain** in the South Gallery of the House.
1:00 pm **Rep. Debra Danburg** in the North Gallery of the House.
1:00 pm **Rep. Lena Guerrero** in the East Gallery of the House.

Other Legislators: Other group appointments may be set after press time. Check the list in the Lobby Day office in Committee Room #1 to see if your representatives have done so. If you are represented by an "unfriendly" legislator, feel welcome to sit in on any of the above meetings! These great Texas legislators listed above know that they represent us all.

DEBRIEFING If you are successful in meeting with a legislator or staff member, LGRL would like to get feedback about their responses. Debriefing forms will be available in the headquarters room at the Capitol. Please bick one up and fill it out.
SCHEDULE CHANGES: All times of appointments and locations may be changed at the last minute depending on committee and session schedules. Check the posted schedule in the Lobby Day registration area at the Capitol.
COMMITTEE HEARINGS: All legislative hearings are open to the public. A schedule of all Monday hearings will be posted in the Capitol headquarters.

HOW TO LOBBY AND WHAT TO SAY (AND IF YOU CAN'T BE HERE MONDAY, WHAT TO WRITE!)

You are visiting legislators at the busiest time of the session. You will be very lucky if you are able to see them personally—but don't get discouraged—even high paid professional lobbyists can't get an appointment either! So, a discussion with an aide is the next best thing. Failing that, leave a note for the legislator or ask to sign their guest book and make a note that you were here for Lobby Day and mention issues of particular concern to you.

Some Important Talking Points

DISCRIMINATION BASED ON SEXUAL ORIENTATION / REPEAL OF 21.06

Background: SB 768 and HB 1414 have been filed which add "sexual orientation" to every statute where protections exist for other protected groups such as race, sex, age, color. HB 540 and SB 23 repeal Sec. 21.06.

Talking Points: Discrimination based on sexual orientation is pervasive in our society. Our sexuality has nothing to do with our ability to be productive citizens and taxpayers. 21.06 criminalizes us for private, consenting relations.

Key Legislators: All House and Senate Members.

FUNDING (ALL PROGRAMS, INCLUDING WOMEN'S CENTERS, AIDS, AZT, ETC.):

Background: Both the Senate and the House have already voted on their budget bills and the two are now going to a conference committee. If you speak to a legislator who is not on the conference committee on the Appropriations Bill, ask them to urge their colleagues to support the Senate's $34 million of AIDS education and treatment services (House has only $22.5 million).

Talking points: Emphasize cost effectiveness of community based treatment and education programs. Point out the tremendous financial savings to the state to provide PWA's the drugs which will keep them out of costly acute care hospitalization. The difference between the House's $22.5 and the Senate's $34 million is almost totally money for treatment services and AZT. Urge the House members to accept the Senate level and urge the Senators not to compromise downward.

Key legislators: (The following may be on the Conference Committee. Check with the Lobby Headquarters to be sure since the appointments were not made at press time.) HOUSE: Rudd, Cavazos, Garcia, Williamson, McKinney, Vowell. SENATE: Caperton, Brooks, McFarland, Montford, Glasgow.

HATE CRIMES

Background: SB 22 is pending in committee and waiting for the House bill to pass first. HB 1777 is awaiting a floor vote. The bills enhance penalties one degree for crimes motivated by race, sex, sexual orientation, age, disability, or religion.

Talking points: This bill protects people who are preyed upon: Jews, gays, minorities, people with AIDS, etc. There still may be a move to amend out sexual orientation. Emphasize that this is a "law and order" bill. It is a violence bill—not a civil rights bill.

Key legislators: All House and Senate Members.

ABORTION

Background: HB 937, HB 26, and SB 234 are the anti-choice bills dealing with parental consent for abortion.

Talking points: Any girl who does not have a relationship with her parents that is strong enough to discuss this matter is the very person who will be harmed by this bill. Many young women cannot or will not go their parents at this critical time. If they are forced to do so, instead they will choose an unsafe and dangerous alternative to end their pregnancy. Some of the women are the victims of sexual abuse or incest.

Key legislators: Members of the Senate Jurisprudence Committee and House State Affairs Committee.

OMNIBUS AIDS BILLS

Background: SB 959 and HB 1901 are the AIDS bills which contain all the public policy issues of concern.

Talking points: Texas has had no coordinated response to the epidemic. This bill contains the major recommendations of the Legislative Task Force on AIDS, including community grant programs for education and treatment services and the HIV medication program. It sets out the responsiblility of state agencies and policies ranging from public education to prisons. It is comprehensive and mandates all agencies to deal with the epidemic in a rational way.

Key legislators: Members of the House Public Health Committee and Senate Health & Human Services Committee. All legislators should hear about these bills, however, since floor votes will occur soon.

AIDS DISCRIMINATION

Background: HB 1069 and SB 27 prohibit discrimination in housing, employment and public accommodations. It gives PWA's a private right of action, including recovery of attorney's fees.

Talking points: The Legislative Task Force on AIDS found that discrimination was the biggest impediment in dealing with AIDS and that it is the basis for costing state and local governments millions of dollars in lost tax revenue and costs of services.

Key legislators: All House and Senate Members

"We had over 650,000 in Washington for the 1987 MARCH. But Austin is a day's round-trip by car from anywhere in Texas. Why not make a 1,000,000-person statement to the assholes who make us criminals in Texas?"
